Don:

The attached letter to the Secretary of Energy is for the DCI's signature. Our purpose is to request the Secretary to certify that the Agency is entitled to its full base period allocation of gasoline as a civilian intelligence agency involved in national security and essential services.

Although we participated with 14 other government organizations to alter the regulations to ensure an adequate gasoline supply during emergencies, we note that the recent changes to Title 10 still do not specifically identify the Agency as qualifying for the full base period allocation similar to DOD and the law enforcement agencies.
